

Prototyping Board - SOP16/SOP28/SSOP28

SKU: FIT0291

INTRODUCTION

This is a SOP16/SOP28/SSOP28 to DIP16/DIP28 Adapter Board. You can change the SOP16/SOP28/SSOP28 to DIP16/DIP28 packaging. So that you needn't to buy the DIP chips for prototyping specially. Just solder the SMD chips on the board and plug it into the bread board will make you convenient to do prototyping. It can be used repeatedly also.

SPECIFICATION

- Board Color: Black
- Size: 21.7x38.5x1.6mm (0.85x1.52x0.06")
