

USB 2.0 All-in-One Keystone/Panel Mount Extension Cable (M/F), Angled Connector, 1 ft.

MODEL NUMBER: U024-001-KPA-BK

Adds a USB Type-A female port to a fixed location, such as a universal keystone wallplate, panel, podium or kiosk. Gives your conference room, classroom, home theater room or retail establishment a professional, clutter-free look.

Description

The U024-001-KPA-BK USB 2.0 Hi-Speed All-in-One Keystone/Panel Mount Extension Cable allows you to terminate a USB connection in a universal keystone wallplate or panel. Or you can use the included panel mount adapter to convert the female keystone jack port for installation in a podium or kiosk. The angled connector makes the cable easy to install in tight spaces.

Ideal for giving your conference room, classroom, home theater room or retail establishment a professional, clutter-free look, this one-foot cable can complete an in-wall run and keep components out of sight in a closet or another room to eliminate cable clutter. The U024-001-KPA-BK supports data transfer rates up to 480 Mbps.

Backward compatible with earlier USB generations, the U024-001-KPA-BK features premium foil and braid shielding to deliver reliable, error-free signal quality and protection from EMI/RFI interference. Molded nickel-plated connectors with gold-plated copper contacts ensure excellent conductivity. Integral strain relief ensures the cable and connectors last a long time. A rugged PVC jacket protects twisted 28 AWG data lines and 24 AWG power lines.

Features

Mount a USB 2.0 Type-A Port in a Fixed Location

- Keystone design for easy snap-in installation in wallplate or panel
- Includes panel mount adapter for installation in podium or kiosk
- Angled female connector for easy installation in tight spaces
